application of biomedical instrumentation in nanotechnology

Answers: application of biomedical instrumentation in nanotechnology

What do electrical engineers do?

(in "Engineering")

Broadly, electrical engineers use the laws of electricity and magnetism for practical applications. Specifically, EE's design circuits (as in microchips, electronic devices, power transmission equipment, etc.) to... [more](#) >>

Nikon Instruments Introduces CL-Quant Automated Image Analysis ...

Nikon **Instruments**, Inc is a world leader in the development and manufacture of optical and digital imaging technology for **biomedical** and industrial **applications**. Now in its 92nd year, Nikon provides complete optical systems that offer optimal versatility, performance and productivity. ... Source: Nikon (press release). Bookmark Nanowerk Directory. Subscribe to a free copy of our daily. Nanowerk **Nanotechnology** News Email Digest with a compilation of all of the day's news
