"We are definitely not the streamlined, hyper-efficient kernel I envisioned when I started writing Linux."

– Linus Torvalds SOURCE: Inquirer 3 weeks ago

About This Topic

Wikipedia

Linus Benedict Torvalds (pronunciation (help·info); [ˈliːnəs ˈtuːrvalds]; born December 28, 1969 in Helsinki, Finland) is a Finnish software engineer best known for having initiated the development of the Linux kernel. He later became the chief architect of the Linux kernel, and now acts as the project's coordinator. Full Article At Wikipedia.org
