Nanorobot Invention and Linux: The Open Technology Factor - An Open Letter to UNO General Secretary

,---[Quote]

| Abstract: This is an open letter, which
| discloses an outline on the current status of
| nanorobotic cutting edge technology trends in
| software development, bioinformatics,
| proteomics, nanotechnology, and manufacturing
| integration. It provides a layman's description
| of a practical platform to effectively boost the
| development of nanobiotechnology, and to
| manufacture nanorobot hardware architecture for
| medical defense that will benefit humankind. The
| core description of the present initiative is
| based on Linux strategies. The basis and key
| advantages of such an approach are clearly
| described next. Nanotechnology should be used
| for peaceful purposes based on ethical practices
| to provide a human heritage. The nanorobot
| invention has an impact on current history and
| provides a legacy for coming generations.
